A SCOTTISH WATER COMPANY

# 1. Introduction

This is an at a glance summary of the Scheme of Charges which details the Default Charges applicable to non-contracted Non Household water customers in Scotland for 2021-22.

The full Default Scheme of Charges document including full notes and definitions can be found on our [website](#).

## 2. Default Services and Default Tariff (RV-based charges)

From 1 April 2018, unmeasured water and waste water charges, and property and roads drainage charges have been calculated using the same Rateable Value (RV) used for Business Rates (Live RV), as assessed by the Local Council Regional Assessor (LCRA).

RV-based charges are applied to:

- Relevant unmetered SPIDs which are supplied with water and sewerage services and are charged based on the RV of the premises; and
- Relevant SPIDs which are supplied with property and roads drainage services and are charged based on the RV of the premises.
