

Your bill explained Scotland Metered properties

Invoice no

You will receive invoices from us in sequence. You may receive multiple invoices for your water due to amendments made to your bill. We are legally obliged to send every invoice for your records; however you only need to pay the last one. They should all arrive at the same time so you can identify the one to pay.

Supply point ID

You will have one or two supply point ID (SPID) numbers. One is for your water connection and/or one is for your waste water connection. This lets us know where your access to water is.

Discounts

If you're entitled to any discounts, it will appear on this page on your bill. You can sign up for discounts at business-stream.co.uk/payment-savings

Water service charges

This covers the provision of a clean, fresh water supply. It also covers the cost of removing water from your property. As you have a water meter, the charge is based on your recorded water use. You won't know exactly what you're going to be charged in every bill because the amount of water you use could go up or down depending on your water use.

How much water are you using?

Our free, quick and simple online water benchmarking tool allows you to compare your water use against other similar businesses to see where to target your efforts. Just visit business-stream.co.uk/benchmarking

Estimated invoice

This is your regular estimated invoice. As long as we're able to read your meter, your next bill will be based on an actual read. You can help us ensure the accuracy of any future estimated invoices by giving us a meter reading (if it's safe to access your meter) at business-stream.co.uk/meter-reading

You can find out more about your bill and use our frequently asked questions by visiting business-stream.co.uk/your-bill

Your bill explained Scotland Metered properties

Fixed water charges

Fixed charges are applied to all properties for the upkeep of external pipes and pumps that supply water to your property.

Volumetric water charges

These charges are based on the volume of water used by your business. This is calculated using an actual or an estimated meter reading.

Fixed waste water charges

Fixed charges are applied to all properties for the upkeep of external pipes and pumps that remove waste water from your property.

Volumetric waste water charges

These charges are based on the volume of waste water disposed of down your drain. Waste water is typically calculated at 95% of the recorded water usage, as that's what is estimated to go down the drain.

Property and roads drainage

Any business that is connected to the public water and sewerage system is required to pay a charge towards the cost of collecting and treating rain water from the property. These charges also cover your contribution to the public roads drainage system and helping to keep the roads free from flooding. These charges are based on the Rateable Value (RV) of your property, even if you are exempt from commercial rates. For full details see business-stream.co.uk/charges

Your charges in detail

Meter number / meter size:

Meter location: ON FOOTPATH LEFT HAND SIDE REAR DOOR IN TUNINGS

Based on this period your annual carbon consumption is 15,20 kgCO₂e/yr, based on National Government statistics.

Water charges	Units	Rate	VAT	Charge
Fixed water charge				
Yearly fee £12,091	20 Jan 17 - 31 Mar 17	71 days	0.39534	£ 2,800.00
Yearly fee £12,091	1 Apr 17 - 6 Apr 17	6 days	0.39534	£ 2,400.00
Volumetric water charge				
Estimated reading	7 Apr 17	83		
Actual reading	20 Jan 17	80		
Volume used this period		3,000 m ³		
Charges	20 Jan 17 - 31 Mar 17	3,000 m ³	2,044.200	£ 6,132.60
Charges	1 Apr 17 - 7 Apr 17	6,000 m ³	0.000000	£ 0.00
Total water charges				£ 8,932.60

A yearly fee based on the size of your meter for the upkeep of pipes and pumps that supply your water.

The charge for the recorded amount of water you've used, measured by your meter. The amount you are charged per m³ depends on how much you use. See business-stream.co.uk/charges

Waste water charges	Units	Rate	VAT	Charge
Fixed waste water charge				
Yearly fee £13,802	20 Jan 17 - 31 Mar 17	71 days	0.376137	£ 5,000.00
Yearly fee £13,802	1 Apr 17 - 6 Apr 17	6 days	0.376137	£ 2,400.00
Volumetric waste water charge				
Charges	20 Jan 17 - 31 Mar 17	2,850 m ³	2.390000	£ 6,811.50
Total waste water charges				£ 13,811.50

A yearly fee for the upkeep of external pipes and pumps that remove waste water from your property.

In general, waste water is charged at 95% of your recorded water use - that's the proportion we estimate goes down the drain.

Drainage charges	Units	Rate	VAT	Charge
Property drainage				
Charges	20 Jan 17 - 31 Mar 17	71 days		£ 2,000.00
Based on £ 29,200 RV @ 0.0273 per £ RV				
Charges	1 Apr 17 - 6 Apr 17	6 days		£ 2,000.00
Based on £ 29,200 RV @ 0.0273 per £ RV				
Roads drainage				
Charges	20 Jan 17 - 31 Mar 17	71 days		£ 2,000.00
Based on £ 29,200 RV @ 0.0275 per £ RV				
Charges	1 Apr 17 - 6 Apr 17	6 days		£ 2,000.00
Based on £ 29,200 RV @ 0.0275 per £ RV				
Total drainage charges				£ 8,000.00

As you're connected to the public water and sewerage system, you're charged for the costs of collecting and treating rain water from your property. Charges are based on the rateable value (RV) of your property, even if you're exempt from commercial rates. Please note we use RVs as at 31 March 2009.

This covers your contribution to the public roads drainage system and keeping the roads free from flooding. Charges are based on the rateable value (RV) of your property, even if you're exempt from commercial rates. Please note we use RVs as at 31 March 2009.

Subtotal				£ 20,744.10
VAT				£ 0.00
Total charges this period				£ 20,744.10

VAT on our charges
